OK. I do not have a scheduled conference call meeting time to speak with Ms. Prescott-Tate. I was simply going to call her and follow-up since she had provided me with an update from HDOA. When we last spoke, she stated that she was going to give Mr. Goff two weeks to respond to her before she followed-up with him again. The two weeks ends this Friday; hence, I thought that I would simply give her a call and ask about any feedback from that conversation knowing that she was reluctant to assume liability for ADC wrt the T6 obligations. She stated that other than combining two sentences in the last draft, she was amenable to the revisions that we made following our last conversation.

In my speaking with Mr. Goff on Monday, I communicated that Ms. Prescott-Tate was awaiting a conversation with him and had not received any feedback with respect to her concerns.

Subject: Hawaii

Hi Jeryl – been thinking about next steps with Hawaii and when you say the work and schedule the next call with Delanie, (you said maybe Monday?), please go ahead and invite me too. Thinking back on what Brittany told me, it seems very important that Delanie know that ECRCO is good to go with AG and appreciate all of their cooperation so far. I want to deliver that message myself so she can feel she is getting everyone's attention on this and that we will move this agreement and resolution of the case asap. Thanks!!
